Metavante's Prime Associates Delivers Data Services to DST Systems to Enhance Regulatory Compliance Safeguards

Clark, N.J., June 29, 2005 - Prime Associates, Inc., a Metavante company and a leading provider of regulatory compliance solutions for financial institutions, today announced that DST Systems, Inc., a technology solutions provider for the financial services industry, will implement several data lists offered by Prime Associates into its existing sanctions filtering efforts. The data lists include Politically Exposed Persons (PEPs), Office of the Superintendent of Financial Institutions (OSFI), European Union (EU), and Financial Action Task Force on Money Laundering identifying non-cooperative countries and territories (FATF-NCCT). These lists are essential tools to effectively comply with USA PATRIOT Act and other international regulatory compliance requirements.

"DST takes a proactive approach to helping our clients comply with the numerous governmental regulations of the industry," said Frank Imgrund, director of systems development at DST Systems. "This solution helps our clients go above and beyond what the regulations require and, we believe, it represents an industry-leading approach to the regulatory challenge."

Prime's data lists are designed to integrate seamlessly with Prime's applications as well as other products. Prime's compilation of data lists is called the Prime's Compliance Databank™.

"As the leading provider of record-keeping services to mutual funds, DST is setting the standard for regulatory due diligence among firms within the financial services industry. We will deliver our compliance databases to DST, which will integrate it with its core business systems," said Salvatore Cangialosi, president, Prime Associates, Inc.

About DST Systems

DST provides sophisticated information processing and computer software services and products that help clients improve productivity, increase efficiencies, and provide higher levels of customer service. DST is organized domestically and internationally into three operating segments: Financial Services, Output Solutions, and Customer Management. DST operates one of the most advanced data centers in the world, which provides information-processing services to support the products within each operating segment. These products are further enhanced through the integration of DST's advanced technology and e-commerce solutions. For more information, see www.dstsystems.com.

A Metavante® Company

About Prime Associates, Inc.

Prime Associates, Inc., a Metavante company, is a leading international provider of software, data, and services that address the regulatory and compliance mandate of financial institutions. Prime provides a complete suite of state-of-the-art solutions for compliance with the USA PATRIOT Act, AML, SAR & CTR reporting, Know Your Customer & Customer Identification Programs, Politically & Financially Exposed Persons, OFAC, FinCEN 314a reporting, and other regulations to the financial community. Prime's four areas of expertise: software; database subscriptions; consulting services, which include implementation, risk-based analysis, and regulatory consulting; and hosted solutions in an ASP environment have been implemented in some of the largest financial institutions around the world. Prime's continuous growth is a result of our broad range of regulatory compliance solutions to the financial services industry, which includes banks, broker dealers, and insurance companies. Our goal is to supply those companies with all of the necessary tools to meet regulatory requirements and implement effective AML programs. For more information, see www.primeassociates.com and www.primeiq.com. Metavante Corporation (www.metavante.com) delivers banking and payment technologies to financial services firms and businesses worldwide and is the financial technology subsidiary of Marshall & Ilsley Corporation (NYSE:MI).
